

## SARC General meeting, 7-17-2007 7:08pm

The program for tonight is: *ARCA: What it is and what it does.*

### Treasurer's Report:

**Total: 7015.55 | Hamfest: 4431.41 | Club: 1930.91 | Repeater: 553.23**

**Petty Cash: 100.0**

### Old Business:

**1:** Hamfest: There may be a 'small' snag with the food vendors: they only use propane, so that means they cannot have electric coffee urns. Another snag: Hours of operation; 6am may be "too early" for some vendors; they want to be there for lunch and not much more.

(Need to contact American Fence or some other similar company and get 'perimeter' fence rented and put up.)

**2:** Terry, NK7T brought up the possibility of having Explorer Post 599 coming back to serve coffee and doughnuts, as they have in years past

**3:** A **motion** was made by John, KC7KML and seconded by 'Just' Fred, AB7JF to buy raffle prizes ahead of time if prices are reasonable.

**4:** A Raffle prize committee was formed. Byron, KD7TLH will head the Committee. Terry, KE7GRV volunteered to help.

### New Business:

**1:** Judy, K7JLF reported that everything went well at FD 2007. She also has photos of the op on her Website.

### Miscellanea:

**1:** Myrna, KN7M gave a report on what the ARCA is and does.

**2:** Tony, K7AJF won the 50/50. He donated the winnings back to the Club's Repeater Fund.

**3:** Fred, AB7JF made a **motion** to test John, KG7FA's Echolink setup temporarily on the Repeater. KC7KML, John seconded the Motion.

### Notes:

**1:** The Hamfest Committee needs to get speakers for seminars .

**2:** (Someone) is to find out about fire issues due to propane. (I forget exactly who. Someone care to enlighten me?)

**3:** The link to Judy, K7JLF's Website is on the [www.wb7tjd.org](http://www.wb7tjd.org) site. (Larry has since fixed the broken link.)
